

6. Mutoko Project

- a) See report by Geoff Ridden
- b) World Bank link – technology component ie change plugs and convert equipment.

7. Political Issues in Zimbabwe – it was decided that despite the political unrest we should not pull out except in the case of compromised safety or the materials not reaching the intended destination. We are sending supplies for the children and should focus on specific schools.

8. Future Projects:

- a) Hatcliffe Project – a destitute school near Harare Airport. Have a need for books – primary – math and readers. British Air may be able to help with freight.
- b) Nyamuzuwe – near Mutoko. Need senior science books. Possibility of a wireless connection to the Mutoko computer lab.
- c) Whitewaters – high school in the south. It is a farming community with no electricity. Possible project for 2003 – 2004.
- d) Imbale, Kenya – near Lake Victoria. They have many needs. The Aga Khan Foundation may assist with building, library, technology and books.
- e) Project write-ups – Toby and Bonnie to seek funding sources.

9. Acknowledgements to INEX Corp. for generous donation of P1 computers for Mutoko.

10. Election of Officers – Moved by Bonnie Sutherland and seconded by Juanita Sahl that a ninth director be added subject to the political situation. Carried.
Our African Rep is Godfrey Matamachane in Harare, Zimbabwe.

Officers elected by acclamation.
